

# Legrand Group Values

for sustained profitable  
development

## **Ethics of behaviour...**

Lastingly foster relations of respect and trust between the people who make up the Group, thus encouraging straightforward in-house contacts and reliability in outside exchanges

## **Customer awareness ...**

Highlight the quality of our commitments and services towards our customers, to boost the Legrand Group's image as a premium partner with innovative solutions

## **Resource enhancement...**

Optimise the use of our resources to conquer new markets, while constantly seeking to increase our profitability by improved use of capital employed in a perspective of sustainable development

## **Innovation...**

Develop ongoing innovation in all areas
